

Men's Battle Cry for Christ

1. There's tension in the air when you decide to care and take a stand for Christ. Powers, principalities, materiality must meet with sacrifice.

O Lord show us the light! Teach us the way to make things right and lead the way! Save us deep in the night. Break all our fears to fight this fight. Dawn a new day!

2. This is our battle cry; each one will live or die based on faith and love. Give till the final hour; live in the Spirit's power and seek all things above.

O Lord show us the light! Teach us the way to make things right and lead the way! Save us deep in the night. Break all our fears to fight this fight. Dawn a new day!

3. You are our shelter Lord; may your grace now be poured on us when we fall. There's so much pain and pride; for this you lived and died. Let us heed your call.

O Lord show us the light! Teach us the way to make things right and lead the way! Save us deep in the night. Break all our fears to fight this fight. Dawn a new day!
