**Explanation:** Saying “Pornography is for Posers” is not meant to condemn or come across as judgmental, but simply to state that anyone who is engaging in this behavior is not living up to their God given call as either a man or woman. A “poser” is someone who is trying to be something that they are not. For the man, the “poser” is one who thinks that looking at pornography is going to satisfy his desire to be wanted by a woman. For the woman, the “poser” is one who thinks that pornography is not going to damage her dignity by exploiting her God given beauty.

If God is the great “I AM who AM” then the devil is the great “I am who is NOT.” The father of lies is attacking our sexuality because the body speaks a sacred language. One need only to read Ephesians 5 to understand that our sexuality is part of a great mystery that points us to Christ. Naturally, the master deceiver is attempting to take God’s sacred union of a man and woman and pervert it in ways that will draw many to abandon what is written on their hearts by accepting Satan’s counterfeit plan for life and love.

Therefore, a statement like “Pornography is for Posers” could just as easily read: “Pornography is for those who have been tricked by the devil.” The invitation and message of love that we will be sharing with the Philadelphia community on September 13, 2006 is summed up by the words on the back of the t-shirt. One can be set free from the trappings of pornography through developing an awareness of the devil’s deception. The **No More Porn Tour** will attempt to speak this truth as Jesus would say “to all those who have ears.”
